Representative Thomas O'Neil
Speaker of the House of Representatives
United States House of Representatives
Washington, D.C.

Dear Speaker O'Neil:

In a letter to you dated March 20, 1979, I enclosed a quantity of information concerning the mis-use of investigative procedures by both the F.B.I. and the House Select Committee on Assassinations.

As of this date the only response I have received from your office was campaign literature asking me to contribute to your next campaign.

Is this the only response that you have concerning the material I sent you?

Sincerely,

Oliver Patterson
